

SIGNS OF SUMMER

Now is the time of year when spring begins to turn to summer. Some clues are hard to miss. To spot others, you may have to watch very carefully. But if you go looking, you're sure to find signs of the new season!

Some Signs of Summer

- A bee visiting a flower
- A leaf bigger than your hand
- A plant other than a tree that's taller than you
- A cricket chirping
- A butterfly on a flower cluster
- A spider sitting in a web
- Baby animals (birds, deer, mice, etc.)

Helpful Things to Take Along

- Camera
- Crayons or colored markers

DIRECTIONS: In the chart below, list four signs of summer that you find. Write the date and place where you spot each one. In the last column, tape a photo or draw a picture of the summer sign.
